Inspections are undertaken as part of the process for monitoring compliance with:

the conditions attached by ONR to the nuclear site licence granted under the Nuclear Installations Act 1965 (NIA65) (as amended);

the Energy Act 2013

the Health and Safety at Work etc Act 1974 (HSWA74); and

The inspections entail monitoring the incidents, operations, maintenance, projects, modifications, safety case changes and any other matters that may affect safety.
